TIME TO SMILE WITH CONFIDENCE

At Rene' A. Talbot, DDS, PC we are dedicated to keeping your family smiling with high quality dental care in a professional environment to promote oral health. Now, there is no longer a need to cut corners on your oral health because you don't have dental insurance. We are now offering an alternative to traditional dental insurance.

WHY A DENTAL SAVINGS PLAN?

Our Dental Savings Plan was created to help individuals and families, who don't have dental insurance get affordable quality care. As more studies show that oral health is linked to overall health, getting the proper dental care is a must. This plan will help you and your family stay on track to maintaining a healthy smile.

HOW THIS WORKS

The Dental Savings Plan is an exclusive plan available to our patients with no dental insurance. Each member will pay a yearly enrollment fee that covers all of your preventative services. In addition there will be a 15% savings on ALL other dental procedures. Now, you will no longer have to worry about whether or not your treatment is covered. You will receive the smile you have always wanted because YOU choose your treatment not an insurance company. There are no yearly deductibles, co-pays, treatment exclusions or limits on use - ever.
